

- Please put a tick in the checkboxes besides the courses that you would like to take.
- To see the course description, prerequisite and corequisite, you may click  next to each course title.
- Then scroll down to the bottom of this page and click "Submit".
- If you have already submitted your enrolment choices before and you would like to change your mind now, please click "Cancel Enrolment Request" on the left menu bar to cancel your choices first. This form does NOT help you to remove previous choices.

Enrol	Course Code	Semester	Subclass	Credit	Course Title
Dissertation (Diss)					
	IDAT7100	1	A	24	Dissertation  Online enrolment for this course is now closed.
List-A Discipline Core Course (DscpA)					
	IDAT7211	1	A	6	Innovation and R & D principle  Online enrolment for this course is now closed.
	IDAT7212	1	A	6	Mechatronic systems engineering  Online enrolment for this course is now closed.
	IDAT7213	1	A	6	UAV design, navigation and control  Online enrolment for this course is now closed.

	IDAT7215	1	A	6	Computer programming for product development and applications  Online enrolment for this course is now closed.
	IDAT7222	1	A	6	Advanced CAD/CAM and AI driven manufacturing systems  Online enrolment for this course is now closed.
	IDAT7224	1	A	6	Deep learning in engineering technology  Online enrolment for this course is now closed.
List-B Discipline Elective Course (DscpB)					
	CIVL6054	1	A	6	Engineering for transport systems  Online enrolment for this course is now closed.
	CIVL6061	1	A	6	Special topic in environmental engineering A [Topic: Research and practice]  Online enrolment for this course is now closed.
	DASE7034	1	A	6	Operational research  Online enrolment for this course is now closed.
	DASE7034	1	B	6	Operational research  Online enrolment for this course is now closed.
	DASE7111	1	A	6	Data-driven optimization  Online enrolment for this course is now closed.
	DASE7139	1	A	6	Cyber-physical systems  Online enrolment for this course is now closed.
	ELEC6098	1	A	6	Electronic and mobile commerce [Topic: Electronic and Mobile Commerce]  Online enrolment for this course is now closed.
	ELEC6098	1	B	6	Electronic and mobile commerce [Topic: Electronic and mobile commerce]  Online enrolment for this course is now closed.

ELEC6603	1	A	6	Success in industrial entrepreneurship [Topic: Success in industrial entrepreneurship] ⓘ Online enrolment for this course is now closed.
ELEC6603	1	B	6	Success in industrial entrepreneurship [Topic: Success in industrial entrepreneurship] ⓘ Online enrolment for this course is now closed.
ELEC6604	1	A	6	Neural networks, fuzzy systems and genetic algorithms [Topic: (EEE*) Neural networks, fuzzy systems and genetic algorithms] ⓘ Online enrolment for this course is now closed.
ELEC6604	1	B	6	Neural networks, fuzzy systems and genetic algorithms [Topic: (ICES*) Neural networks, fuzzy systems and genetic algorithms] ⓘ Online enrolment for this course is now closed.
IDAT7217	1	A	6	Advanced topics in innovative design and technology A ⓘ Online enrolment for this course is now closed.
IDAT7220	1	A	6	STEM education ⓘ Online enrolment for this course is now closed.
MECH6010	1	A	6	Service behaviour of materials ⓘ Online enrolment for this course is now closed.
MECH6034	1	A	6	Computer-aided product development (CAPD) ⓘ Online enrolment for this course is now closed.
MECH6034	1	B	6	Computer-aided product development (CAPD) ⓘ Online enrolment for this course is now closed.
MECH6046	1	A	6	Microsystems for energy, biomedical and consumer electronics applications ⓘ Online enrolment for this course is now closed.
MECH7010	1	A	6	Contemporary robotics ⓘ Online enrolment for this course is now closed.

	RECO7605	1	A	6	Information management  Online enrolment for this course is now closed.
	TDLL6024	1	A	6	Teaching and learning with digital technology  Online enrolment for this course is now closed.
	TDLL6024	1	B	6	Teaching and learning with digital technology  Online enrolment for this course is now closed.
	TDLL6024	1	C	6	Teaching and learning with digital technology  Online enrolment for this course is now closed.
	TDLL6334	1	A	6	Educational video and storytelling  Online enrolment for this course is now closed.
	URBA6011	1	A	6	Programming and foundations in urban data analysis  Online enrolment for this course is now closed.
Cross Curriculum Elective Course (ElectXC)					
	LATX7513	1	A	6	Fundamentals of aircraft and aviation  Online enrolment for this course is now closed.
	LATX7517	1	A	6	Aviation economics: business model and entrepreneurship  Online enrolment for this course is now closed.
	LATX7518	1	A	6	Fundamentals of wireless communications and sensing in space  Online enrolment for this course is now closed.
	MECH6019	1	A	6	Sources and control of air pollution  Online enrolment for this course is now closed.
	MECH6045	1	A	6	Nanotechnology: fundamentals and applications  Online enrolment for this course is now closed.
	MECH7014	1	A	6	Railway engineering - metro and high-speed rail 

					Online enrolment for this course is now closed.
	MECH7016	1	A	6	Railway project management  Online enrolment for this course is now closed.
	MECH7020	1	A	6	Autonomous Drones with AI  Online enrolment for this course is now closed.
	MECH7029	1	A	6	Aeroacoustics and noise control with machine learning  Online enrolment for this course is now closed.
	MECH7030	1	A	6	Intelligent computation for aerodynamics and structural mechanics  Online enrolment for this course is now closed.
	MEST7412	1	A	6	Solid-state materials and physics  Online enrolment for this course is now closed.
	MEST7418	1	A	6	Nanophotonics  Online enrolment for this course is now closed.
	MEST7419	1	A	6	Safety training and microelectronics process  Online enrolment for this course is now closed.
	MEST7420	1	A	6	CMOS IC analog circuit design: basic circuits  Online enrolment for this course is now closed.
	MEST7421	1	A	6	Thin film transistor technology and applications  Online enrolment for this course is now closed.
Cross Department Elective Course (ElectXD)					
	CIVL6004	1	A	6	Advanced soil mechanics  Online enrolment for this course is now closed.
	CIVL6006	1	A	6	Advanced water and wastewater treatment  Online enrolment for this course is now closed.

	CIVL6007	1	A	6	Behavioural travel demand modelling  Online enrolment for this course is now closed.
	CIVL6013	1	A	6	Concrete technology  Online enrolment for this course is now closed.
	CIVL6026	1	A	6	Finite element method  Online enrolment for this course is now closed.
	CIVL6053	1	A	6	Wind engineering  Online enrolment for this course is now closed.
	CIVL7019	1	A	6	Statistical methods for civil engineering  Online enrolment for this course is now closed.
	CIVL7023	1	A	6	Industrialized construction with automation and robotics  Online enrolment for this course is now closed.
	CIVL7024	1	A	6	Computer vision for infrastructure construction and management  Online enrolment for this course is now closed.
	DASE7015	1	A	6	Engineering economics and finance  Online enrolment for this course is now closed.
	DASE7015	1	B	6	Engineering economics and finance  Online enrolment for this course is now closed.
	DASE7020	1	A	6	Supply chain management  Online enrolment for this course is now closed.
	DASE7020	1	B	6	Supply chain management  Online enrolment for this course is now closed.
	DASE7113	1	A	6	Optimization methods for intelligent systems  Online enrolment for this course is now closed.

	DASE7119	1	A	6	Digital enterprises and e-commerce  Online enrolment for this course is now closed.
	DASE7137	1	A	6	Virtual reality and applications  Online enrolment for this course is now closed.
	DASE7137	1	B	6	Virtual reality and applications  Online enrolment for this course is now closed.
	DASE7138	1	A	6	Healthcare systems engineering  Online enrolment for this course is now closed.
	DASE7140	1	A	6	Machine learning and applications  Online enrolment for this course is now closed.
	DASE7140	1	B	6	Machine learning and applications  Online enrolment for this course is now closed.
	DASE7141	1	A	6	Advanced digital twin and applications  Online enrolment for this course is now closed.
	DASE7142	1	A	6	Advanced computational methods  Online enrolment for this course is now closed.
	DASE7143	1	A	6	The internet of things  Online enrolment for this course is now closed.
	DASE7154	1	A	6	Intelligent technologies for systems engineering A  Online enrolment for this course is now closed.
	DASE7155	1	A	6	Intelligent technologies for systems engineering B  Online enrolment for this course is now closed.
	DASE7212	1	A	6	Physical internet  Online enrolment for this course is now closed.

	DASE7310	1	A	6	Financial engineering  Online enrolment for this course is now closed.
	DASE7341	1	A	6	Technology innovation and entrepreneurship  Online enrolment for this course is now closed.
	DASE7501	1	B	6	Robot modelling, planning and control  Online enrolment for this course is now closed.
	DASE7502	1	B	6	Robot sensing and intelligence  Online enrolment for this course is now closed.
	DASE7503	1	B	6	Robotic systems integration  Online enrolment for this course is now closed.
	DASE7506	1	A	6	Advanced machine learning methods  Online enrolment for this course is now closed.
	DASE7507	1	A	6	Frontiers in robotics and intelligent systems  Online enrolment for this course is now closed.
	DASE7508	1	A	6	Security in intelligent systems  Online enrolment for this course is now closed.
	DASE7509	1	A	6	Artificial intelligence for system automation  Online enrolment for this course is now closed.
	DASE7902	1	A	6	Project management  Online enrolment for this course is now closed.
	ELEC6008	1	A	6	Pattern recognition and machine learning [Topic: Pattern recognition and machine learning]  Online enrolment for this course is now closed.
	ELEC6026	1	A	6	Digital signal processing [Topic: Digital signal processing] 

					Online enrolment for this course is now closed.
	ELEC6027	1	A	6	Integrated circuit systems design [Topic: Integrated circuit systems design] ⓘ Online enrolment for this course is now closed.
	ELEC6036	1	A	6	High-performance computer architecture [Topic: High-performance computer architecture] ⓘ Online enrolment for this course is now closed.
	ELEC6063	1	A	6	Optoelectronics and lightwave technology [Topic: Optoelectronics and lightwave technology] ⓘ Online enrolment for this course is now closed.
	ELEC6080	1	A	6	Telecommunications systems and management [Topic: Telecommunications systems and management] ⓘ Online enrolment for this course is now closed.
	ELEC6080	1	B	6	Telecommunications systems and management [Topic: Telecommunications systems and management] ⓘ Online enrolment for this course is now closed.
	ELEC6081	1	A	6	Biomedical signals and systems [Topic: Biomedical Signals and Systems] ⓘ Online enrolment for this course is now closed.
	ELEC6085	1	A	6	The role of a computerized SCADA system in power system operation [Topic: The role of a computerized SCADA system in power system operation] ⓘ Online enrolment for this course is now closed.
	ELEC6095	1	A	6	Smart grid [Topic: Smart Grid] ⓘ Online enrolment for this course is now closed.
	ELEC6097	1	A	6	IP networks [Topic: IP Networks] ⓘ Online enrolment for this course is now closed.
	ELEC6099	1	A	6	Wireless communications and networking [Topic: Wireless communications and networking] ⓘ

					Online enrolment for this course is now closed.
	ELEC6103	1	A	6	Satellite communications [Topic: Satellite communications] ⓘ Online enrolment for this course is now closed.
	ELEC7011	1	A	6	Energy Internet [Topic: Energy internet] ⓘ Online enrolment for this course is now closed.
	ELEC7011	1	B	6	Energy Internet [Topic: Energy internet] ⓘ Online enrolment for this course is now closed.
	ELEC7013	1	A	6	Leadership in future energy industry [Topic: Leadership in future energy industry] ⓘ Online enrolment for this course is now closed.
	ELEC7029	1	A	6	Analog IC design computing and memories [Topic: Analog IC Design, computing & memories] ⓘ Online enrolment for this course is now closed.
	ELEC7029	1	B	6	Analog IC design computing and memories [Topic: Analog IC Design, computing & memories] ⓘ Online enrolment for this course is now closed.
	ELEC7043	1	A	6	Digital image processing and computer vision [Topic: Digital image processing and computer vision] ⓘ Online enrolment for this course is now closed.
	ELEC7043	1	C	6	Digital image processing and computer vision [Topic: Digital image processing and computer vision] ⓘ Online enrolment for this course is now closed.
	ELEC7082	1	A	6	Artificial intelligence in finance [Topic: Artificial intelligence in finance] ⓘ Online enrolment for this course is now closed.

	ELEC7084	1	A	6	Advanced database [Topic: Advanced database] ⓘ Online enrolment for this course is now closed.
	ELEC7402	1	A	6	Advanced electric vehicle technology [Topic: Advanced electric vehicle technology] ⓘ Online enrolment for this course is now closed.
	ELEC7403	1	A	6	Advanced power electronics [Topic: Advanced power electronics] ⓘ Online enrolment for this course is now closed.
	ELEC7404	1	A	6	Advanced railway engineering [Topic: Advanced railway engineering] ⓘ Online enrolment for this course is now closed.
	ELEC7467	1	A	6	Power system protection [Topic: Power system protection] ⓘ Online enrolment for this course is now closed.
	ELEC7469	1	A	6	Advanced electrical energy and power conversion systems [Topic: Advanced electrical energy and power conversion systems] ⓘ Online enrolment for this course is now closed.
	EMEE6002	1	A	6	Sustainability and climate change [Topic: Sustainability and climate change] ⓘ Online enrolment for this course is now closed.
	EMEE6002	1	B	6	Sustainability and climate change [Topic: Sustainability and climate change] ⓘ Online enrolment for this course is now closed.
	EMEE6005	1	A	6	Renewable energy technology I: Fundamental [Topic: Renewable energy technology I: Fundamental] ⓘ Online enrolment for this course is now closed.

	EMEE6007	1	A	6	Energy and carbon audit [Topic: Energy and carbon audit] ⓘ Online enrolment for this course is now closed.
	EMEE6011	1	A	6	Energy saving lighting [Topic: Energy saving lighting] ⓘ Online enrolment for this course is now closed.
	EMEE7013	1	A	6	Leadership in future energy industry [Topic: Leadership in future energy industry] ⓘ Online enrolment for this course is now closed.
	ICES7001	1	A	6	Advanced semiconductor device [Topic: Advanced semiconductor device] ⓘ Online enrolment for this course is now closed.
	ICES7008	1	A	6	Advanced electronic packaging and integration [Topic: Advanced electronic packaging and integration] ⓘ Online enrolment for this course is now closed.
	ICES7009	1	A	6	Integrated silicon photonics [Topic: Integrated silicon photonics] ⓘ Online enrolment for this course is now closed.
	MEBS6001	1	A	6	Electrical installations [Topic: Electrical installations] ⓘ Online enrolment for this course is now closed.
	MEBS6002	1	A	6	Lighting engineering [Topic: Lighting engineering] ⓘ Online enrolment for this course is now closed.
	MEBS6014	1	A	6	Computer modelling and simulation [Topic: Computer modelling and simulation] ⓘ Online enrolment for this course is now closed.

	MEBS6015	1	A	6	Natural and hybrid ventilation of buildings [Topic: Natural & hybrid ventilation of buildings] ⓘ Online enrolment for this course is now closed.
	MEBS6019	1	A	6	Extra-low-voltage electrical systems in buildings [Topic: ELV electrical system in buildings] ⓘ Online enrolment for this course is now closed.
	MEBS7013	1	A	6	Fire service installations [Topic: Fire Service Installations] ⓘ Online enrolment for this course is now closed.
